

## Hyperrealism in Acrylics

Teacher: Ian Bodnaryk

Thank you for signing up for Hyperrealism in Acrylics with the Visual Art Centre of Clarington! We do ask that you complete a few things in order to be totally prepared for the first class:

- **Select one photo reference** - Send your chosen photo reference to Ian at [bodnaryk2008@hotmail.com](mailto:bodnaryk2008@hotmail.com) **at least a week before** the first class for him to review. This allows enough time to ensure your painting experience is successful based on your painting knowledge and the time allotted for the workshop.
- **Bring two copies of the photo reference (one or both can be on paper)** - One copy will be for transferring the image on to the surface for your painting. In the printed image, your main subject should be the same size as it would be in the final painting. The other copy will be used as a reference during the painting process. If a photo is not provided ahead of time it holds up the whole class and greatly delays the painting process.
- **Bring at least 1 stretched canvas:** Artist grade (Fred's Pick or Premium) – size 5"x7" to 11"x14". Can be purchased at your local art supply store.
- If you have your own supplies, particularly a **table-top easel**, please bring them

If you have any issues with selecting a reference image, please reach out to Ian via email for assistance.
